

Curriculum Vitae - Brief

Name: Andrew J. Rader
Address: 645 West 5th Street
Jasper, IN 47546
Phone: (812) 634-2778
Fax: (812) 634-2909
Email: drajrader@gmail.com

Personal: Married with four children.
Home in Ferdinand, IN

Undergraduate: Indiana University, Bloomington, IN
Valparaiso University, Valparaiso, IN
Degree: B.S.

Medical School: Illinois College of Podiatric Medicine, Chicago, IL
Degree: D.P.M.

Residency: University of South Florida, Shriners's Children's Hospital and Tampa V.A.
Tampa, FL

Additional Education/Fellowships:

Peripheral Nerve Surgery, Institute for Peripheral Nerve Surgery, Baltimore, MD
Basic and Advanced Microsurgical Training, Curtis National Hand Center,
Baltimore, MD
External Fixation – Ilizarov Insitute, Kurgan, Russia

Board Certification: Diplomate, American College of Podiatric Orthopedics and Primary
Podiatric Medicine.
Diplomate, American Academy of Wound Management.
Physician Certified in Wound Care - CMET

Fellow Status:

Fellow, American College of Foot and Ankle Orthopedics and Primary Podiatric
Medicine.
Fellow, American College of Certified Wound Specialists.
Fellow, Association of Extremity Nerve Surgeons.
President 2015-17.
Fellow, American Professional Wound Care Association.

Affiliations:

Member, American Diabetes Association
Member, Council for the Advancement of Diabetes Research and Education
Member, American Association of Diabetes Educators
Member, American Academy of Wound Management
Member, American Podiatric Medical Association
House of Delegates

Member, Indiana Podiatric Medical Association – President (2010)
Member, American Podiatric Circulatory Society
Member, Indiana Academy of Science
Founding Member of Neuropathy Association of the Southwest
Member of the Neuropathy Association

Hospital Affiliations:

Memorial Hospital and Health Care Center, Jasper, IN
Active Staff
Chief of Surgery – Immediate past chief
Medical Director, The Wound Care Center
Medical Director, Diabetes Advisory Board
St Mary's Hospital, Evansville, IN
Consulting Staff

Wound Center Affiliations:

Wound Care Center, Memorial Hospital, Jasper, IN
Attending Physician, Medical Director

Practice Information:

Indiana Foot & Ankle – founder
In 26th year of practice
645 W 5th Street
Jasper, IN (Primary Office)

Teaching Positions:

Surgical Instructor for St. Mary's Hospital Podiatric Residency (36 month)
Evansville, IN
Clinical Associate Professor, Ohio College of Podiatric Medicine
Cleveland, OH
Clinical Associate Professor, Scholl College of Podiatric Medicine
Chicago, IL
Clinical Associate Professor, University of Osteopathic Medicine and Health
Sciences, Des Moines, IA
Adjunct Clinical Faculty, Barry University – School of Medicine
Miami Shores, FL
Association of Extremity Nerve Surgeons: Instructor and Mentoring Chairman

Research Affiliations:

Research Director, Lower Extremity Research Institute
Research Coordinator, Innovative Neuropathy Treatment Institutes
Research Director, U.S. Neuropathy Centers
CITI certified, research on human subjects

Honors:

IPMA, Meritorious Service Award (2010, 2011)
Association of Extremity Nerve Surgeons, Jules Tinel, MD Award for the scientific advancement of knowledge regarding human peripheral nerve disorders

Professional Peer Reviewed Publications: (Past 10 years)

“Surgical Decompression in Lower-Extremity Diabetic Peripheral Neuropathy”; Journal of the American Podiatric Medical Association, September/October 2005.

“Football Dressing for Neuropathic Forefoot Ulcerations”; Wounds, April, 2006.

“A proposed mechanism for pain relief following MIRE therapy”; Diabetic Microvascular Complications, December, 2006.

“The football dressing: an intuitive dressing for offloading plantar forefoot ulcerations”; International Wound Journal, February 2008.

“Synovial Chondromatosis of the Ankle”; Journal of the American Podiatric Medical Association, Submitted and accepted – Editor: James Black, DPM.

“Characteristics of lower extremity pressure sensation impairment in developing diabetic sensory polyneuropathy”; Foot and Ankle Specialist February, 2008.

“The Cone Flap: A Fasciocutaneous Flap Option for Plantar Heel Ulcers”; Clinics in Podiatric Medicine and Surgery, January 2008.

“Symmetry of sensory loss in developing diabetic sensory polyneuropathy”; Foot and Ankle Specialist, February 2009.

“Continuous Tissue Expansion”; ASPMA, April 2010.

“The affect of MLS therapy of nerve conduction parameters in developing diabetic sensory neuropathy”; Energy for Health, July 2012.

“Bioengineered Human Dermal Tissue Grafting of Necrobiosis Lipoidica Diabeticorum Ulcerations: A Case Series”; Wounds, November 2013.

“Low Long Term Risk of Foot Ulcer Recurrence after Nerve Decompression in Diabetes Neuropathy Cohort”; JAPMA, September 2013.

“Nerve Decompression May Protect Against Foot Ulceration: A Controlled Prospective Analysis”; JAPMA, January 2014.

“Diagnostic Ultrasound of the Soleal Sling”; JAPMA, March 2016.

Textbook Chapters:

Chapter 3, The Science of Neuropathy in “Practical Pain Management for the Lower Extremity Surgeon” Data Trace Publishing, 2015.

Recent Abstract Publications:

“Does diabetic peripheral sensory neuropathy predominantly present in a length dependent pattern?”; 7th International Symposium on Diabetic Neuropathy, Cape Town, South Africa; December 2006.

“Does diabetic peripheral sensory neuropathy predominantly present in a length dependent pattern?”; 7th Annual New Cardiovascular Horizons Meeting, New Orleans, LA; November 2006.

“RingFix® Offloading as an Adjunct in Grafting Recalcitrant Stage IV Pressure Wounds”; ACFAS Annual Scientific Meeting, Orlando, FL; March 2007.

“Football Dressing for Neuropathic Forefoot Ulcerations”; Symposium on Advanced Wound Care, Tampa, FL; May 2007.

“Does diabetic peripheral sensory neuropathy predominantly present in a length dependent pattern?”; American Association of Neurologists Annual Meeting, Boston, MA; Accepted for June 2007.

“The socks have runs in diabetic sensory peripheral neuropathy”; International Symposium on the Diabetic Foot, Amsterdam, Netherlands; May 2007.

“Football Dressing for Neuropathic Forefoot Ulcerations”; DFCon '07, Hollywood, CA; March 2007.

“Does diabetic peripheral sensory neuropathy predominantly present in a length dependent pattern?”; DFCon '07, Hollywood, CA; March 2007.

Recent Lectures:

Abstract: “Does diabetic peripheral sensory neuropathy predominantly present in a length dependent pattern?”

- 7th International Symposium on Diabetic Neuropathy, Cape Town, South Africa
- American of Extremity Nerve Surgeons Annual Meeting, Santa Fe, NM
- New Cardiovascular Horizons, New Orleans, LA

Restoring Strength and Sensation in Diabetic Peripheral Neuropathy

- St. Mary’s Hospital Grand Rounds, Evansville, IN
- Honduran Plastic Surgery Congress, Tegucigalpa, Honduras
- Indiana Podiatric Medical Association Annual Scientific Seminar
Indianapolis, IN

Flap Closure for Select Lower Extremity Wounds

- Hospital Escuela, Tegucigalpa, Honduras

- IPMA Fall conference

Wound Center Based Therapy

- SWAHIMA Spring Meeting, Jasper, IN
- Indiana Podiatric Medical Association Annual Scientific Seminar

The Painful Foot in Diabetes: Differential Diagnosis

- Tri-State Regional Diabetes Educators, Jasper, IN
- Indiana Podiatric Medical Association Annual Scientific Seminar

Innovations in wound closure: The football dressing and DermaClose experience.

- Indiana Podiatric Medical Association Annual Scientific Seminar

Soft tissue Expansion for closing lower extremity wounds

- Pennsylvania Foot and Ankle Society
- Indiana Podiatric Medical Association Annual Scientific Seminar

Lower extremity flaps and grafts

- Indiana Podiatric Medical Association Annual Scientific Seminar

Pyoderma Gangrenosum

- Indiana Podiatric Medical Association Annual Scientific Seminar

A prospective analysis: Change in NCS parameters after MLS laser therapy on patients with developing DSPN

- Association of Extremity Nerve Surgeons Annual Meeting
- Napa Wine and Nerve Meeting
- APMA annual meeting
- The Western

Diabetic Foot Ulcers: What do we do when conventional therapy alone is not adequate?

- Evansville Regional Podiatric Meeting
- Indianapolis regional wound care center directors meeting
- Midwest Podiatry Conference
- Dayton, OH regional Podiatry Meeting
- Henderson, KY Wound Care Meeting
- Deaconess Wound Care Meeting
- Region IV APMA meeting Columbus, OH
- And many others.

Advances in microsurgical nerve repair in the upper extremity

- Hand Surgery Fellows meeting Indianapolis, IN

Multiplanar Ilizarov techniques for midfoot deformity correction

- Ilizarov summit, Allentown, PA

Acute Charcot: a new paradigm utilizing subchondroplasty techniques
- Ilizarov summit, Allentown, PA
